

SIZE CHART

We suggest that you measure your pet carefully and buy our clothing and collars according to your dog's measurements rather than size.

How to Measure for Clothing and Collars:

Body Length:

A. Measure length of pet's back from the base of the neck to the base of the tail. Also if dog has a stout build, a deep chest, or is overweight, we recommend going up a minimum of one size for proper fit.

B. For shorter style garments, measure the length of the pet's back from base of neck to base of tail.

Neck:

C. Measure the circumference of pet's neck. Allow some leeway for a comfortable fit. For collar widths; 1/2"-5/8" widths are best for puppies and small dogs. 5/8"-3/4" widths are best for small to medium dogs. 1"+ widths are best for large dogs.

Chest:

D. Measure girth around the broadest part of the chest, which is typically right behind the front legs.

How to Measure for Beds:

When dog is laying down, measure pet's body length from base of tail to tip of nose, and add a minimum of 9", keeping your pets comfort in mind.

Doggie Size Chart

Size	Neck	Chest	Length
XXS	6 -7"	10"	7"
XS	8-9"	12-13"	8-10"
Small	10-11"	14-15"	10"
Med	12-13"	16-17"	12-14"
Large	14-15"	18-22"	17-19"
XLarge	18-20"	23-25"	20"
XXLarge	20"	25-28"	22"
